RUTHERFORD COUNTY VISUAL ARTISTS GUILD

In July 1999, interested people gathered to form the Rutherford County Visual Artists Guild. The guild has grown and has become a nonprofit organization in which all types of visual art such as paintings, ceramics, wood carving, and sculpture are now represented. Community outreach includes help to local groups who want to improve the art education and awareness of the visual arts in the community.

Membership is not limited to artists only. If you are interested in and appreciate the visual arts, YOU are also welcome to join us. Help is needed with hanging and arranging art in shows, community education, communication, and distribution of information about the guild.

*Fill out the application and
Come and join us!*

Applicant

DATE: _____

NAME: _____
