

# Rutherford County Visual Artists Guild

## Michael Suttle

A native of Rutherford County, Michael Suttle is a professional photographer who specializes in weddings and portraiture. Whenever he gets the chance Michael travels the country photographing landscapes, nature, and other items of interest. His work has recently been chosen for the 2011 Palmetto Cup, South Carolina Florist Associations interpretive design competition. When at home he also finds time for pottery and jewelry often combining the two. His hands are an extension of himself, whether they are holding a camera, or forming clay.
